**RE: Notice of Violation Dated July 7, 2014**

Dear Mr. Rogers:

This is in response to the Notice of Violations you issued on July 7, 2014, and which was received in our office on July 8, 2014. Because the claimed violations are noted in broad generalities, it is impossible to know what "failure" you are attempting to identify and whether that is in violation of any legal requirement whatsoever. We do note that the bottom line of this particular Notice of Violation is that the Central Valley Water Board staff is requesting a meeting with "Malaga" by July 28, 2014. The meeting is specifically requested to "discuss resolution of" the matters referred to in the Notice of Violation.

We welcome the opportunity to meet with Board Staff concerning resolution of these purported violations. We would propose that Board Staff appear at a specially set meeting of the Board of Directors of the Malaga County Water District which will include various members of the District's staff that are knowledgeable concerning the nature and extent of any violation purportedly referred to in the Notice of Violation. We would propose setting that meeting on July 28, 2014, at 1:00 p.m. in the afternoon, to occur at the Malaga District Office located at 3580 S. Frank Street, Fresno, CA. If that date and time is not available, kindly provide us with dates and times on before July 28, 2014, on which the Regional Board staff can meet with the Board of Directors and relevant staff of the Water District.

Thank you for your attention to this matter.

Sincerely,

A handwritten signature in dark ink, appearing to read "J. Anderson", with a stylized, cursive script.

James Anderson

General Manager
